Community Safe Rooms

10 Year Warranty on All Models

- * Two points of entry required for all community storm shelters with wheelchair accessible vault doors with three point locks.
- * Constructed of A36 3/16" plate steel with 3/16" C channel for bracing.
- * Our shelters come with two 36" doors that are manufactured from two sheets of steel.
- * Enhanced Ventilation is provided through multiple 4" or 6" vents depending on shelter size and specification.
- * Entire unit is primer painted.
- * Shelter is secured to concrete pad using special Hilti anchors.

Contact Us Today for a Custom Quote!

Note: All Storm shelters may come from multiple manufacturers depending on model and availability. All are fully compliant with FEMA storm shelter standards. Dimensions and quality will be consistent. However, there may be slight differences in the aesthetics i.e. look of the door, air vents, etc.

Prices shown are cash/check prices. For credit/least to own price, add \$200 to price. * Cash Discount applies to anyone paying by cash or check.

Note: Survivor Shelters reserves the right to change pricing at any time due to changes in material costs, delivery and installation costs, or changes in the industry.

DELIVERY & INSTALLATION

Taxes are based upon the delivery address
